HOW TO VOTE

Each precinct will consist of one Ballot Counting System (DS200) and one Express Vote System, accessibility for all voters as needed.

BALLOT COUNTING SYSTEM (DS200)

After the ballot is marked, the voter feeds paper ballot into the ballot counting system, which reads and tabulates the ballot.

Below is an example of how to correctly mark the ballot.

Accessible Voting System (ExpressVote)

Touchscreen technology that produces a paper based record for tabulation.

Easy As One, Two, Three

1. Voter inserts blank ballot card into Express Vote System.
2. Voter makes and verifies their selections.
3. Voter feeds paper ballot into ballot counting system.

CLOSED PRIMARY

- Florida is a closed primary state.
- In the Primary Election, you will be able to vote only for the candidates whose party affiliation is the same as yours and for non-partisan races.
- If a partisan race will be decided in the primary, everyone will vote in that race. This is known as a "Universal Primary Contest."
