

AUDIO INSTRUCTIONS (USE HEADSET)

CLERK INSTRUCTIONS:

1. Take AVS blank ballot card to the AVS unit.
2. Insert blank ballot card into front card slot (Ensure cut corner of ballot card is facing right).
3. Press “**Select**” on Voter Interface Keypad once Language screen loads.
4. Touch “**Continue**” on Assisted Voting screen to enable audio assistance.
5. Give Voter the headset with ear covers and assist if needed using the other headset.
6. On **Select a Language** screen, confirm preferred language with Voter and touch English or Español then touch “**Next.**” If you touched the wrong language, touch the “**Back**” button.
7. Hand **Voter Interface Keypad** to voter and the system will explain use of buttons.

WARNING

Once you touch “Start Voting,” you cannot change your selection and must call Tech Support.

8. Review the Instructions with the Voter, then Touch “**Start Voting.**”
9. Give Voter privacy but remain nearby in case they need further assistance.
10. After Voter is finished voting, direct Voter to Ballot Counting System to cast their ballot.
