RE: Anonymous Contribution

From: Faye Register
Campaign Treasurer
Jerry Register
Bay County School Board, District 4

This is to report two (2) anonymous donations that were made during our campaign rally on March 1, 2008 at Sheffield Park. There was a container placed on a table with a note stating no cash donations. Upon opening the container, five (5) \$20 bills were folded together at the bottom of the container and one (1) \$20 bill was loose at the top of the container. We have not deposited these monies into the campaign account since it would be too easy to spend them, therefore they are currently being stored in a fire box in our home. I continue to ask around about the source of the money and have a few ideas. I am hoping that the money can be used by the campaign if the contributor is identified.

I look forward to hearing from you regarding the proper handling of these funds until such time at the end of the campaign when the money will be disposed of according to Chapter 106.141, F.S.
